

G-WAC Notes

From the
Project Jay Preservation Group

A News Sheet for those who are interested in
the factory registered G-WACs.

Matt's G91 WAC

Ben's G110WAC

May 2021

We are still not quite there with the lifting of restrictions, *'some scientists advising the government have urged Mr Johnson to delay the planned full reopening on 21 June, while the doctors' union has warned against the "premature ending" of restrictions.* (Microsoft News) but we are hopeful that the Legends and Billing shows will go ahead in June.

The shows for which we have already booked stand space are now listed on our website www.pjpg.co.uk and we look forward to meeting other G-WAC and Jay enthusiasts.

Application forms for membership of the PJPG and the Discovery Owners Club will be available, so do come and visit our stand.

35th Yorkshire Classic Vehicle Show. Ripley Castle, Harrogate.

With the lifting of some Covid rules, Mark Woodward Classic Shows has been able to stage a show this bank Holiday weekend.

Full report next month.

Roy

G110WAC

Just a few bits I know about G110WAC. It was running about my local town, which is Market Harborough, Leicestershire. It then became available to me through a local vehicle dealer, who I believe bought it from Sturgess Land Rover Leicestershire, as a disposal vehicle.

It had parts of the original turbo diesel engine thrown in the back. I bought it off him and fitted a 200Tdi from a Discovery with a Steve Parker conversion kit. The rear crossmember and bulkhead need attention and the whole vehicle really needs to be restored.

It still has its original rear number plate with the Land Rover Logo. I was told by the previous keeper that it was sold from Duckworths of Lincoln and had been refurbished before it was sold by them. The last MoT expired in February 2013.

Any information about G110WAC would be very interesting to find out and it may encourage me to decide what to do with it.

Ben Freer

Current known owners of G-WAC registered Land Rovers. May 2021

For the launch or the Discovery there were 86 cars registered on 01.10.89 from G451WAC to G537WAC, with the exception of G500WAC. Only 22 are known to survive
